HEALTH HISTORY

Operations, serious illnesses, injuries--give dates and outcomes _____

Allergies _____

Drug Allergies/sensitivities _____

Heat illness/Exhaustion _____ Asthma _____

Date of last Tetanus-Diphtheria Booster _____

List any special diet required and why _____

List any current medications and reason _____

INSURANCE INFORMATION

Our camps carry secondary insurance for injuries that are referred to providers off-campus. To receive coverage under this plan, you must first file bills against your primary insurance. When your insurance has been exhausted, you may then file a claim with our insurance for consideration. We will furnish you with the appropriate information so that you can file against the camp's excess insurance. This excess insurance can only be used for injuries that occur during camp--however, it does not cover illnesses.

In most cases--but not all--providers will be willing to process insurance claims for you. Our on-campus health center will bill you directly for services rendered, thus you will need to pay any bills from there and seek reimbursement from insurance. Please make sure to fill out the following information completely so that we can give it to providers up-front:

Complete name of insurance company: _____

Address where claim is to be mailed to: _____

Policy Holder's name: _____ Relationship to camper _____

Policy Holder's address _____ Policy Holder's Subscriber ID# _____

_____ Policy Holder's group #(or name) _____

AUTHORIZATIONS--PLEASE READ CAREFULLY

* I certify that the above camper has had an official medical examination within the past year and is physically fit and able to participate in the rigors of this summer sports camp.

* I hereby grant permission for my child to be medically treated for injuries or illnesses during his or her stay at camp.

* I authorize payment of medical benefits to all providers for all services and materials they provide during the care of an injury/illness.

* I understand that I am financially responsible for charges for services rendered for the care of an athletic injury, and/or sickness/illness.

* A photostatic copy of this authorization shall be deemed as effective and valid as the original.

* I grant permission for the camp athletic trainers to administer the following indicated over-the-counter medications to my child. These may only be used for the signs and symptoms indicated below and only for a 24-hour period. After this time, a physician will be consulted and the camp athletic trainer will call me.

_____ Tylenol—for minor head aches (not thought to be associated with dehydration or head injury) and for fever less than 101⁰F.

_____ Pepto Bismol—for stomach ache and diarrhea.
